UP TO 5 SUBSPECIALTY SAMS!

March 9 - 13, 2015

South Seas Island Resort • Captiva Island, Florida

22.0 AMA PRA Category 1 Credit(s)TM

Educational Symposia

About The Meeting

This five-day course will provide a broad overview of selected radiology/imaging subjects of particular importance to diagnostic radiologists in clinical practice. A broad range of lecture topics, with emphasis on practical applications, will be presented. Topics will include, but are not limited to: breast imaging, chest, abdomen, musculoskeletal, MRI, CT, and neuroradiology.

Target Audience

This CME activity is primarily intended and designed to educate diagnostic imaging physicians who perform and interpret imaging procedures. It should also be useful in educating referring physicians who order imaging procedures as well as radiologic technologists.

Scientific Sponsor

Educational Symposia

Accreditation

Physicians: Educational Symposia is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Educational Symposia designates this live activity for a maximum of 22.0 *AMA PRA Category 1 Credit(s)*TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Technologists: This program has been submitted to the ASRT. The number of A CE credits will be available approximately 30 days prior to the meeting. Please visit UofM.edusymp.com or call 1-800-338-5901 regarding the availability of Category A CE credit.

SAM Credit: Certain sessions of the meeting program will be submitted to the American Board of Radiology (ABR) for Self Assessment Module (SAM) qualification. The total number of approved SAM credits available will be confirmed approximately 21 days prior to the meeting.

Educational Objectives

Attendees should, at the completion of this course, be able to:

- Effectively utilize diagnostic imaging modalities to evaluate bone, body, breast, and neurological disorders.
- Be able to recognize unusual disease processes in the chest, abdomen, breast and pelvis.
- Understand how changes in workstation configuration and usage can potentially reduce repetitive stress disorders.
- Integrate appropriate imaging protocols to assess bone, body, breast and neurological disorders into clinical practice.

No special educational preparation is required for this CME activity.

Course Organization

This program is planned and organized by Educational Symposia, the leader in diagnostic imaging education since 1975.

Acknowledgement

Educational Symposia appreciates our corporate supporters and exhibitors. A list of industry supporters will be provided and acknowledged at the meeting.

Registration Information

Tuition includes all course materials, including a comprehensive course syllabus, daily continental breakfasts and coffee breaks. Early registration is strongly suggested. There will be a \$50 surcharge for anyone registering after February 25, 2015. Minimum and maximum attendance levels have been established for this meeting. If your registration cannot be accepted, you will be issued a full tuition refund.

Cancellations must be received in writing. A \$50 processing fee will be applied to all cancellations. Refunds requested in writing prior to February 6, 2015 will be issued for the amount of tuition paid less the \$50 processing fee. No refunds will be made on or after that date.
